

CAPT. MERSHON TELLS GUESTS HIS STORY OF MUSKRAT STEW

Duluth Pioneer Concludes Annual Visit to Warren District with Beefsteak and Onion Dinner at Country Club.

Concluding his annual visit to the Warren District, Capt. "Bill" Mershon gathered around him last night at the Country Club a dozen friends to partake of one of his justly celebrated beefsteak and onion dinners. With the host at one end of the table and John C. Greenway at the other, good fellowship reigned along either side of the board.

Senator Gunn, of Grand Rapids, Michigan and G. G. Hartley, of Duluth, leading promoters in the iron range country, were among the guests. Prior to the dinner, there were several forenoon games of golf. Confusion attending the turning of scores left the individual championship between Capt. Mershon and William B. Gehring undecided although both of these renowned players have sought for several years to prove which was the superior. Joseph Curry announced that he will challenge the winner when the championship is decided.

During the dinner, Mr. Greenway started the story-telling with anecdotes of the Yagui country, in which Jim Douglas and other Arizonans figured. Capt. Mershon was prevailed upon to describe his famous muskrat dinner at his salmon fishing lodge in Canada. Among those who fattened on the beefsteak and onions and toasted themselves before the huge fireplaces in the club's assembly room, were W. E. McKee, John Rawlins, Paul Stevens, Lem Shattuck, who narrated some Cornish tales; J. MacGregor, Eugene Whiteley, Joseph Curry and F. E. Sturdevant. Capt. Mershon motored to Osborn in time to catch the Golden State for the Coast, where he will meet Mrs. Mershon and their son and daughter.

Y. M. C. A. BOWLERS IN OPENING ROLL

Sec'y Mitchell Makes Record; Interesting Feature Revolve Appliance.

Throngs of bowling enthusiasts attended last evening's opening of the Y. M. C. A. bowling alleys. Naturally the dyed-in-the-wool supporters of the great indoor game were much more in evidence and a few records were made to be remembered with interest by all local members of the bowling fraternity.

Chauncey C. Mitchell, the affable office secretary, was the first bowler to roll a ball down the gutter. Slips were drawn for the honor of rolling the first ball, as there was great competition for this distinction. Director George Cobb held the hat for the drawings.

Dick Robathan drew card No. 1, rolled in alley 1, and succeeded in knocking down one pin. Great hilarity attended this performance. Gene Martyn won the first game and Berquist rolled high score of 201. Johnson won high average of 167.

BISBEE RIFLEMEN TO SHOOT IN BIG MEET

Members of Local Club Will Participate in Four Days' Tourney at Tucson.

Much interest is manifest in the big rifle meet of the Southwest to be held in Tucson April 12 to 15 inclusive under the auspices of the Arizona Rifle Association, an organization which was founded in Bisbee May 30, 1909. Twenty-three clubs are now affiliated with the Association and all are expected to be represented by teams in the four days' tourney. There will also be teams entered from the National Guard organizations and the United States army.

The events on the program this year are unusually attractive, calling for superior marksmanship at all of the accredited distances. Local interest of the Warren District centers to a large extent in the contest for the Governor's Cup which will take place April 13. This event is for the long distance championship of Arizona, 1,200 yards "C" target, three sighting shots and ten shots for record. This is an open event. It was won last year by Mr. Hurst, of the Bisbee club. The annual meeting and selecting of officers of the Arizona Association will be held at the armory in Tucson on April 14 while the rifle meet is in progress.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your bowels clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.—Advt.

WELSH BEATS BLOOM
NEW YORK, March 21.—Freddie Welsh, lightweight champion, defeated Phil Bloom of Brooklyn in six of the ten rounds of a bout in Brooklyn tonight. Welsh took the first four rounds, Bloom's aggressiveness earned him the next four rounds. In the eighth Welsh held after receiving a hard right cross. Welsh had the better of the two final rounds. Welsh weighed 137 1/2 and Bloom 133 1/2.

INTEREST UPON BONDS WILL BE PAID

Receivers' Notes to Meet Fixed Charges on Certain Bond Issues of Rock Island Will Soon be Issued.

(By Review Leased Wire)
CHICAGO, March 21.—Attorneys for the receiver of the Chicago Rock Island and Pacific company petitioned Judge Carpenter, of the Federal District Court, to draw up an order for the issuance of \$500,000, which are of a new series of receivers' notes. These are to subordinate to the first and refunding bonds and are to be added to cash on hand for the payment on April 1 of the interest on \$111,000,000 worth of outstanding first and refunding mortgage bonds.

The order of court came after a day of argument concerning the payment of the various interest and indebtedness on stocks and bonds that is falling due. Louis C. Krauthoff, attorney for the Peabody stockholders committee, objected to the issuance of the claims and asked to be allowed to file a petition in answer to the receivers' petition asking for them. The attorney for the railroad interests said that it would only delay matters and so tie up the road's affairs that there would be a deficit in the April interest, and the holders and first and refunding bonds would foreclose. Judge Carpenter refused to allow attorney Krauthoff to file his petition.

How to Fight Tuberculosis

In a paper read last year before the Texas County Medical Society and published in part in the Louisville "Medical Progress," Dr. J. W. Carhart, of San Antonio, Texas, a physician who has devoted much time to the study of tuberculosis, said: "Since time suits constitute three-fourths of all the mineral substances of the human body, they must be supplied in the foods or supplemented in mineral preparations, or natural starvation ensues with tuberculosis unchecked. The widespread and unchecked spread of tuberculosis and other preventable diseases is due largely to the de-calcified (lime lacking) conditions of multitudes throughout the civilized world."

Thus from another authoritative medical source comes justification for the use of lime in the treatment of tuberculosis. Since this is one of the ingredients of Eckman's Alternative, much of the success attending the widespread use of this remedy doubtless is due to the combination of this salt in such a way as to render it easily assimilable. It causes no stomach disturbance, and since it contains neither opiates, narcotics nor habit-forming drugs, it is safe to try. Eckman's Alternative has effected remarkable results in numerous cases of pulmonary tuberculosis (consumption) and allied chronic affections of the throat and bronchial passages. In many instances such conditions, apparently, have yielded completely to it. In case your druggist is out of it, ask him to order, or send direct to Eckman Laboratory, Philadelphia.

REFINERS LICENSED
WASHINGTON, March 21.—Ten oil refiners have been licensed by a bureau of mines to use the process developed by Dr. W. F. Rittman, of the Tulsa, which greatly increases the percentage of gasoline obtainable from crude oil. The concessions were granted without charge, but on condition that all patentable improvements developed by the licensed firms in employment of the process be assigned to the Secretary of the Interior.

FOUR RING CHAMPS IN GOTHAM BOUTS OF CURRENT WEEK

Banner Week in New York's Ring History; Willard and Moran Show Perfect Condition.

(By Review Leased Wire)
NEW YORK, March 21.—Leading up to the Willard-Moran bout here next Saturday night several other ring contests in which not less than four champions will meet in ten-round bouts at Manhattan and Brooklyn clubs promise to make this the banner week in New York's ring history.

Freddie Welsh, the world's lightweight champion, met Phil Bloom in Brooklyn tonight, and in the same ring Al McCoy, who claims the middle weight title on his knock out of George Chip, took on Leo Benz of Butte, Montana, in another ten round bout. Johnnie Kilbane, the featherweight champ, is to meet Harry Donohue of Peoria, Ills. Nearly all of the best seats in the big garden have been disposed of for the Willard-Moran battle and the box office sales up to tonight showed a total of \$13,000. Only a few \$15 and \$25 seats are left and the cheaper seats will be put on sale Thursday morning. A conservative estimate places the total gate receipts at \$25,000. Willard took only a short walk this morning but he boxed six fast rounds during the afternoon with Hemple Monahan and Rodel. The lump which Monahan's blow raised on the champ's head yesterday was greatly reduced today and only a slight discoloration back of the right temple was noticeable. The big fellow fought hard and fast today and at times cut loose rather viciously, much to the chagrin of his sparring partners.

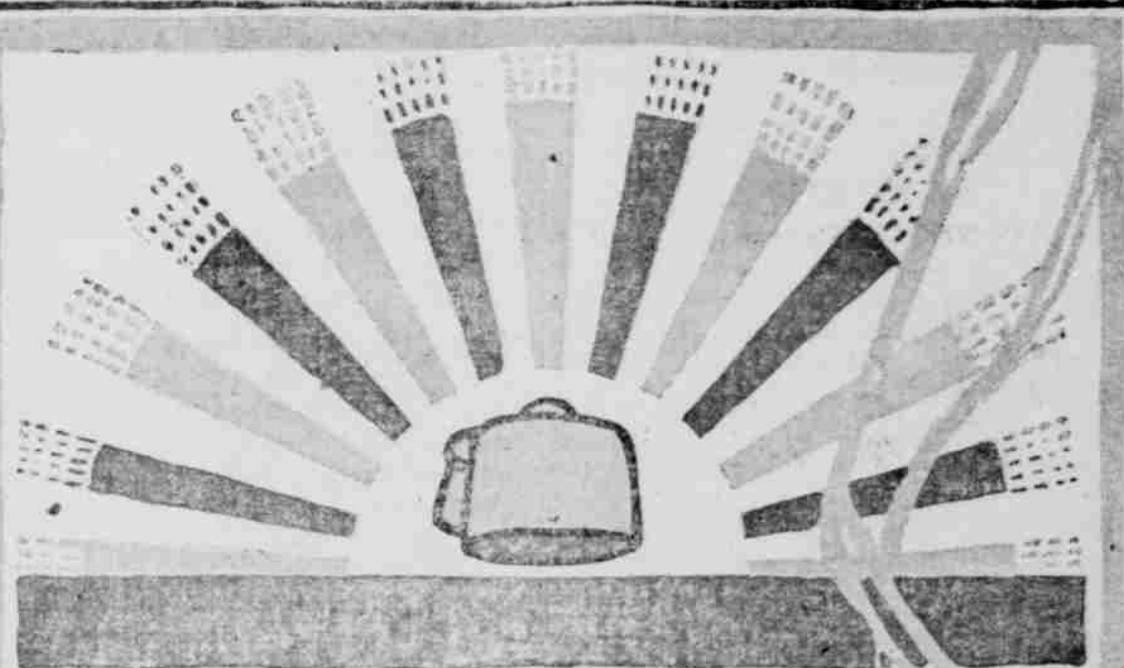

Moran did only light road work this morning and then went to the funeral of Trainer Lewis' little son, Willie, who died Sunday night from an acute attack of diphtheria. Moran was much attached to the boy, who was his pet companion in all of his training sessions both in France and in this country. The death of his "little mascot" affected Moran deeply and before he returned to his training quarters he made up his mind not to go to the gym.

When Moran reached his Westchester quarters, however, he found a crowd waiting anxiously to see him work out. Rather than disappoint them Moran punched the bag and after some rope skipping boxed two rounds with Frank Kendall and Bill McKinnon. He worked fast all through and appeared to be in excellent condition.

BASEBALL RESULTS.
At Tampa—Philadelphia National 9, Chicago Nationals 6, (12 innings).
At Memphis—St. Louis Americans, 5, Memphis American Association, 1.
At Houston—Houston, 1, St. Louis Nationals, 9, (13 innings).

ANOTHER LOREX BARGAIN
Four-room house, completely furnished, chicken houses and about 20 chickens. South Bisbee, only \$550.00. See or phone LOREX 377.—Advertisement.

BENZ OUTPOINTS MCCOY
Leo Benz of Butte, Montana, outpointed Al McCoy, middleweight champion in seven rounds of a ten round contest. The first round was even but the visitor outpointed the title holder in the next seven. McCoy's best work was in the ninth. Benz weighed 156 and McCoy 162 1/2.

Ask Dad, he knows

TELEGRAPH AND TELEPHONE DOWN

(Continued From Page One.)
Have points along the border were good places for women and children at this time.

At the same time Texas Rangers and the cavalry patrols have commenced a round up of Mexicans along the frontier who are suspected of being Villistas and of being engaged in the smuggling of ammunition across the Rio Grande, a practice that is admittedly going on. Seven of these men were sent into El Paso today from eastern frontier villages and five have been arrested at Ysleta, twelve miles east of here. At the latter place the civilian residents said that the rangers discovered a plot to ship rapid fire guns across the border. Arrests were made but the authorities refused to make any statement as the guns had been seized or had reached Mexico.

In the meantime the situation in Sonora becomes increasingly serious, due to the actions of Military Governor Calles, who has apparently determined to drive from the state all persons connected in any way with the Cientificos or old Diaz party. The gravest feature of this action is in their possible effect on American and other foreign interests. He demands that the La Colorado Mining company of New York reopen its mines. The decree will affect many mining companies, corporations and other concerns which Americans and other foreigners either control or are interested in. At the same time he has ordered all Catholic clergymen from the state. One of his recent proclamations, couched in fiery language, called upon the people to exterminate the "breed of cientificos" which he declared were responsible for the impoverishment of the people and all the evils which have overtaken Mexico.

Interesting sidelights on how the American soldiers are faring in Mexico are reaching here through members of the extraordinary force who are sent back from the front as couriers. They say there is considerable suffering on account of the intense heat of the day and the sharp cold that sets in at night. Some of the officers have ordered sleeping coats lined with lamb's wool. The infantry is especially affected by the sand and many are enduring swollen and blistered feet caused by the burning strains sitting into their shoes while on the march.

PROMINENT MAN INDICTED
MINNEAPOLIS, March 21.—Joseph W. Bragdon, member of a large wholesale firm, was indicted today by the grand jury which has been investigating vice conditions here. He was charged with alleged misconduct toward several minor girls. Other indictments are expected to follow.

FUNSTON ASKS FOR PLENTY OF MEN

(Continued from Page 1)
Gen. Funston was advised by Washington today that \$10,000 had been placed to his credit for the payment of the services of guides, scouts, interpreters and other civilians he might see fit to employ.

The work of scouts will be supplemented by the aviators, six of whom have arrived at Casas Grandes. Lieut. T. R. Bowen, who fell with his machine

on the flight from the border to Casas Grandes, was only slightly injured, according to an official report to Gen. Funston.

It was stated late today at Gen. Funston headquarters that no report from Gen. Pershing regarding operation against Villa south of Casas Grandes was received today. Unofficial reports regarding Villa's fight with Carranza forces at Cruces and Nampiqua, south of Galena, were vague and contradictory. Whether the American column of Cavalry that was advancing southward on the trail leading to Cruces encountered Villa was merely a guess at headquarters.

Does Pain Interfere?
There is a remedy
Sloan's Liniment

Read this unsolicited grateful testimony—
Not long ago my left knee became lame and sore. It pained me many restless nights. So serious did it become that I was forced to consider giving up my work when I chanced to think of Sloan's Liniment. Let me say—less than one bottle fixed me up.
Chas. C. Campbell, Florence, Tex.

come to you as a cigarette creation worthy of comparison with any cigarette in the world, no matter what its price!

Blended choice Turkish and choice Domestic tobaccos in Camels provide a new flavor that is as delightful as it is refreshing. And besides, Camels are free from bite and parch, and leave no unpleasant cigarette after-taste, no matter how freely you smoke them!

Camel cigarettes are worthy of your confidence because they'll stand any test for satisfaction and for quality! Do not look for or expect coupons or premiums. The value is in the cigarettes!

And the more Camels you smoke the more you'll realize you prefer this blend to either kind of tobacco smoked straight!

R. J. REYNOLDS TOBACCO COMPANY
Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages, 20 for 10c; or ten packages (200 cigarettes) in a glassine-paper-covered carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.
